Sonia

Thanks. Yes, the additional email helped very much. Documents attached. I didn't see where to enter anticipated completion, but if you need this, please list as March 2022 Please contact me if you need any more information

Thank you
Chris

Chris,

I have sent a separate email describing the data still needed in order to update Shiloh in SEMS. I hope that provides more clarity in what is needed at this time as far as data and SEMS goes. I appreciate your time! ☺

Hi Sonia

I'm a little confused. Shiloh started in 2018 and I'll not be completed until 2022. It is neither a start nor completion for FY20. Please advise
Thank you
Chris

Good morning,

I hope you are both doing well. The above-names sites are tagged in Removal's Targets & Accomplishments Report as "planned starts". I am asking that you provide an update on your respective site(s). Attached you'll find a blank Removal Checklist, for your use if applicable.

If you do not plan to start/finish before the end of FY20, please let me know ASAP, so that SEMS may be updated accordingly & timely. The update will allow SEMS to reflect where the site "work" appropriately. (Your site, as is, will appear as late in meeting its current planned activity/ion).

Your time is appreciated. Thanks again!

Sonia
